MICHIGAN STATE UNIVERSITY

Reincarnation in America: Since 1680s, reincarnation has been a cultural and religious theme for multiple religious traditions in America, including Christianity. The rebirth theme has also been relevant for secularists as a result of studies in Near Death Experiences, childhood memories of past lives, and theories in quantum physics. This talk will give an overview of a variety American reincarnation theories and link those theories to historical trends and current research.

Reincarnation in America

with Dr. Lee Irwin
Professor at College of Charleston

Thursday

March 22nd

7:00 PM
